## ATTEMPT TO MURDER CALIFORNIA GOVERNOR

Executive Mansion at Sacramento Wrecked by Explosion.

Police Believe Work Was that of Pro-Germans.

Clew Given to Police Which May Lead to Capture of the Culprits.

By Associated Press Dispatch.

Sacramento, Cal., December 18.—

What is believed to be an attempt to kill Governor William D. Stephens by means of a powerful explosive bomb at midnight last night resulted in the wrecking of the executive mansion. The entire rear end of the building was destroyed.

The Governor and Mrs. Stephens were asleep and escaped injury. Two men were seen running from the house soon after the explosion.

The detonation was heard all over the city and windows were broken by the force of it two or three blocks away. It is believed 20 to 25 sticks of dynamite were used.

Governor and Mrs. Stephens were asleep in the wing of the house adjoining the spot where the explosion occurred.

A hole several feet in depth was made in the ground beneath a window, and the entire wall up to the second story was blown away.

A clew as to the perpetrators was given to the police by the pastor of a church who reported four months ago a man was noticed about the mansion, and has continued to haunt the locality until a week ago.

The police are of the opinion the work was that of pro-Germans. The Governor was probably the calmest of the group that surveyed the wrecked mansion, and when his calmness was commented upon by the police he merely stated that the shock did not disturb him.

Detectives were searching for the guilty party today.

Last week Governor Stephens made a series of patriotic addresses in southern California.

## DRY PROPOSAL UP TO STATES FOR APPROVAL

By Associated Press Dispatch.

Washington, December 18.—The constitutional amendment for national prohibition was today finally submitted by Congress to the states for ratification or rejection within seven years.

The Senate committee completed its report by accepting the amendment.

Senator Borah objected to accepting the House amendment contending Congress has no authority to specify the time in which the amendment is to be ratified.

## EMMETT TOMPKINS SUMMONED BY DEATH

By Associated Press Dispatch.

Columbus, O., December 18.—Attorney Emmett Tompkins, who served several terms in Congress from the Athens district, died after a three weeks illness here today.

## BEFORE THE MILITARY AFFAIRS COMMITTEE

ABOVE: SECY OF WAR, BAKER. BELOW: SENATOR CROWELL.

Crowell, who, early in the war was an advisor of the Munitions Board and member of a special machine gun board, will tell his side of the controversy which Crozier admitted delayed selection of the army's principal type of machine gun until two months after the United States entered the war.

Secretary Baker contends that the deliberate methods used in machine gun selection have worked to American advantage, as the best types are now being produced. Baker suggests that guns will be ready as fast as the men need them. He points out that in early stages of training it is not necessary to use full armament.

## SEEKS CAUSE

By Associated Press Dispatch.

Washington, December 18.—Investigations of the delays in building the American merchant marine by the Shipping Board and the Emergency Fleet Corporation was ordered today by the Senate which rushed through a resolution by Senator Harding, after vigorous criticism by several Senators.

## SUFFRAGE BILL VOTE COMING ON THURSDAY

By Associated Press Dispatch.

Washington, December 18.—The vote in the House on the women's suffrage amendment on Thursday, January 10th, was assured today when the rules committee agreed upon that date.

On a test vote today indicating sentiment in the House toward the amendment the suffragists polled 7 more than the two-thirds vote. The question was on referring the suffrage resolutions to the new women's suffrage committee as the suffragists desired, instead as the elections committee desired.

## EVEN BOMBARDMENTS CAN'T ROB CATHEDRALS OF BEAUTY

CHURCH OF ST. JOHN, PERRONE. Church of St. John, Perrone, an irreparable ruin, beautiful even in its present state.

## TEUTONS WILL RUSH FINAL PEACE TREATY

Semi-official Statement from Vienna.

States Armistice Will be Followed Up Rapidly.

By Associated Press Dispatch.

Germany and Austria-Hungary apparently will lose no time about a separate peace with the Bolsheviks, now that the armistice has become effective. The German foreign secretary and the Austrian Foreign Minister will arrive at Brest Litovsk today to begin negotiations looking toward peace.

A semi-official statement issued in Vienna today declared that the Central Powers will follow up the armistice as speedily as possible with peace parleys, and that Bulgaria and Turkey will join in the negotiations.

## GENERAL PEACE THROUGH EUROPE

A "general European peace" is reported to be the purpose of the negotiations. Petrograd newspapers report the Bolshevik foreign minister has invited the Entente embassies in Petrograd to participate.

On the Northern Italian front no further important advances are being reported by the Austro-German command and the Italians within the last day or two have been able to regain some of their ground.

Snow has fallen heavily on the British front in France, and only small raids have occupied the infantry. The gunners on both sides are active.

The German cruisers which attacked the British convoy in the North Sea returned without losses and captured a number of prisoners, according to claims made in Berlin.

## PREFERENCE GIVEN TO COAL SHIPMENT SAYS GOVERNOR

By Associated Press Dispatch.

Columbus, O., December 18.—The request of Governor Cox that coal be given preference in shipment in Ohio has been granted in part by the priority committee, it was announced today.

## SCHEIDEMANN ON MISSION FOR PEACE

Phillip Scheidemann, leader of the Majority Socialist party in Germany, has undertaken a new and somewhat mysterious peace mission according to advices received from Copenhagen. It is stated that he is enroute for Stockholm to carry out the latest peace scheme and that his trip to the Swedish capital has the sanction of the Government.

It is considered of some significance that Herr Scheidemann's mission appears to be quite as much a mystery in Germany as it is in Denmark. The pan-German newspapers in Berlin, according to the Copenhagen dispatch, express a lively but antagonistic interest in the Socialist's trip.

Priority will be given all coal shipments in eastern Ohio.

## ROADS TO HELP

Chairman Lovett informed Governor Cox that the question of preferential coal shipments has been taken up with the railroads which had agreed to co-operate fully in the plan.

Governor Cox said today he hoped to have the order extended to give relief to the Cincinnati district and coal shipments preference in the Miami valley.

## CHICAGO MAN IS TO SUCCEED HARRIS

By Associated Press Dispatch.

Washington, December 18.—Chas. Piez, of Chicago, was today appointed general manager of the Emergency Fleet Corporation, succeeding Rear Admiral Harris, who resigned.

## REORGANIZE THE FLEET.

A general reorganization of the fleet corporation will follow, Admiral Harris' resignation was accepted, Chairman Hurley announced, because of his insistence on moving the offices to Philadelphia. The ship building program, he announced, is in better shape than at any time since it was launched in executive session.

## EXPERTS SAW A SHORTAGE IN SUGAR COMING

More Interesting Testimony Is Given Before Committee.

By Associated Press Dispatch.

Washington, December 18.—Sugar men saw the danger of a shortage early last spring because of stories of a fictitious famine and later when they began to realize the amount sent abroad, Earl Babst, president of the American Sugar Refining Co., testified today before the Senate investigating committee.

Mr. Babst said that in May he warned Food Administrator Hoover that famine stories circulated in February and March would have a serious effect.

## ONE KERENSKY TAKES STAGE

(Associated Press Cable.)

Copenhagen, December 18.—A report that former Premier Kerensky supported by some thousands of troops, has appeared in the vicinity of Petrograd is contained in a dispatch today.

The Bolsheviks are said to have sent troops against him.

## FIVE PRISONERS ESCAPE JAILERS

By Associated Press Dispatch.

Cleveland, O., December 18.—Five prisoners in the county jail, one held for murder, escaped today by forcing a lock. The five men were trustees on good behavior.

## MORE TESTIMONY AS TO EQUIPMENT

By Associated Press Dispatch.

Washington, December 18.—Much of the testimony regarding the equipment of American forces abroad, given by Major General Crozier, Chief of Ordnance, was contradicted by Representative Magill McCormick, who recently returned from the battlefield, and who was heard by the committee in executive session.

## GEN'L FREIGHT TRAFFIC MANAGER TO BE NAMED

## ONLY A FEW OF THE BOYS TO BE HOME

By Associated Press Dispatch.

Camp Sherman, December 18.—Orders received late today from Adjutant General H. P. McCain at Washington, specifies that only five per cent, instead of 30 per cent, of the soldiers will be permitted to return to their homes for the Christmas holidays.

## SENATE TO HELP ON R. R. PROBLEM

By Associated Press Dispatch.

Washington, December 18.—Investigation by the Senate Interstate Commerce Committee of the Interstate Commerce Commission's recommendation for solving the railroad transportation difficulties was ordered today by the Senate on motion by Senator Cummings, of Iowa.

## RED TAPE INVESTIGATION

The Senate ordered the investigation amid charges of red tape and inefficiency, and while another reorganization of the fleet corporation was being announced. The investigation will be conducted by the Senate Commerce Committee.

In the comprehensive inquiry the committee was directed to investigate "plans and progress and all matters in connection with building merchantmen with a view to making recommendations to Congress."

"It is a crime that money placed in its hands should be so illy handled," declared Senator Harding, charging the shipping board with red tape and inefficiency.

## POISON PEN NOTE IN LEHMAN CASE

By Associated Press Dispatch.

Wauseon, O., December 18.—It became known today that "poison pen" letters have figured in the Frederick Lehman case on trial here.

The chief attorney for Lehman said that he had received a letter several days ago threatening his life. The letter warned him to take no further part in the case under penalty of assassination.

The letter was turned over to the Sheriff. The Sheriff says he also received a letter similar to that received by the attorney.

The defense today began preparations for the taking of testimony in defense of the accused man.

## SAILORS SAVED BY THE GERMANS

(By Associated Press Cable.)

Amsterdam, December 18.—Two sailors were saved by the Germans from the American destroyer Jacob Jones, according to an official announcement received here today.

## Reduced Twenty Numbers.

Washington, Dec. 18.—Captain Victor Blue, who commanded an American superdreadnought which recently ran aground in home waters, was sentenced by courtmartial to loss of 20 numbers, but Admiral Mayo, commander of the Atlantic fleet, recommended that if he reduced to 15.

Joint Resolution Offered in the Senate Would Enlarge President's Powers.

Move to Loosen Up Financial Bonds of Railroads, Too.

Investigation of Charges of Red Tape Interference Also to be Probed.

By Associated Press Dispatch.

Washington, December 18.—Appointment by the President of a General Freight Traffic Manager to co-ordinate and utilize the railroad transportation facilities during the war was provided for in a joint resolution introduced today by Senator Sterling, and referred to the Interstate Commerce committee.

A bill to relieve the shortage of railroad equipment by formation of a huge corporation in which the United States will be the sole stock holder, with initial capital of \$100,000,000 that may be increased to \$500,000,000 to construct locomotives and cars was introduced by Representative Lenroot, of Wisconsin.

## ARRANGE TO AID FEEDERS OF LIVE STOCK ON OHIO FARMS

Plan to Aid Farmers to Put 300 Pound Hogs on Market.

By Associated Press Dispatch.

Columbus, O., December 18.—M. E. Shaw, Secretary of the State Department of Agriculture and Dr. Theodore Burnett, Chief of the Bureau of Live Stock Industry today announced the plan whereby feeder and stocker hogs can be shipped from the Cincinnati stockyards in Cincinnati for feeding purposes.

Instead of permitting slaughter of hogs at 160 pounds, this plan will enable farmers to put them on the market at 300 pounds.

On account of the great amount of soft corn in hands of Ohio farmers, there is a great demand for this class of hogs.

## LOGICAL PLACE FOR REPAIR SHOP OF B. & O. RAILROAD

Since the purchase of the C. H. & D. by the B. & O. and the combining of the old C. H. & D. with the B. & O., this city has become a very important point on the B. & O. system, and there is a growing demand for car repair shops at this point.

At the present time the repairs are supposed to be done at Ivorydale, but that point is considerably out of the way, and as Chillicothe shops are swamped, and this city is nearer the center of the Wellston branch of the road, Washington becomes the logical point for repair shops, and there is a rumor current that such shops may be established at this point in the not distant future.

At present most of the repair work is done at Newark, and as this requires a great deal of delay and expense in transportation of engines and cars from the Wellston branch and part of the B. & O., there is just reason why the B. & O. should consider this city for extensive repair shops for engines and cars.

It is understood that some definite action in connection with the proposal will be taken within a short time, and it is hoped by local citizens that the B. & O. will place the shops at this point.

## IMPORTANT NOTICE TO REGISTRANTS

Much time and labor may be saved by registrants by observing these instructions.

Before answering any questions in the Questionnaire, each registrant must carefully inform himself.

## CAMP SHERIDAN BOYS SEND WORD

J. M. Baker, who returned the first of the week from a business trip to Mobile, and Demopolis, Ala., stopped at Camp Sheridan on the way north and brings back first hand news from the Washington boys there that is most welcome.

Unfortunately Mr. Baker struck Montgomery on a half holiday and missed seeing some of the local boys, but he rounded up "Teck" Clagens, "Bob" Jefferson, "Tubbie" Hays, Fred Carpenter, Will Minter and Donald Moore and had a fine visit and Camp inspection with them.

Mr. Baker is enthusiastic over the entire bunch—"Every one of them as hard as bullets, straight as a string, looking as if they had grown two to six inches in height. They are certainly splendid physical specimens."

While the temperature is not near the zero mark in Alabama, the boys at Camp Sheridan sleep in tents and, with tent flaps thrown wide open, find the cold just as biting as do the boys in northern camps who are housed. But the toughening and the training are making men that will form the finest army that America has ever seen.

"The boys have their minds set on getting over there and cleaning up on the Germans, every one is eager to go and can't be ordered to the front too soon."

Mr. Baker found patriotism at the flood tide in the South. Wherever he went the people of the South were ready to sacrifice anything and everything.

In Demopolis, a town of 1500, everything that the army Y. M. C. A. or the Red Cross had asked had been promptly done and allotments over subscribed two to five times.

Out of the entire number of eligible

white boys in the town, all but two had voluntarily enlisted. The entire South seems on fire with patriotism.

## RED CROSS UNIT IS FORMED BY TEACHERS

The teachers of the Central Schools, Prudence Culhan, Louise Weaver, Edythe Blackman, Anna Bell, Ethel North, Lillian Davis, Emily Palmer, Lillian Taylor and Elton Brown, have formed a Red Cross unit to be known as the Central School Red Cross Unit, and the work they accomplish will be equally divided among the National League For Women's Service, the Red Cross and the D. A. R.

The members of the unit will meet every Monday and Tuesday, after school, at the home of the Misses Bell. They will have Miss Lizzie Bell for inspector of all work.

Not only have the above mentioned teachers formed themselves into a working unit for loyal service to their country, but they have already given \$22.50 to the Red Cross drive, having taken care of other memberships than their own.

## NEW WAR COUNCIL TAKES UP THE RED CROSS CAMPAIGN

Memorable Meeting Held at Court House and All Members of the War Council Present Take Firm Hold—"Every Man Expected to Do His Part," Declares Chairman.

A memorable meeting of the new Fayette County War Work Council was held at the court house, Monday night, and some three score of earnest faced men were in attendance, and took a firm hold on the task ahead of them.

Chairman Daugherty presided over the meeting, and made it plain that

every man picked for the war work council must serve faithfully, even though it means some self-denial, because the success of the war depends on the folks at home, and their attitude toward shouldering the burden.

Hon. C. A. Reid, in a stirring speech called attention of all present to the very critical situation in the world war, and predicted darker days before brighter ones come. He urged the duty of every citizen to do his part in every way he or she can as an absolute necessity for winning the war. He outlined the plan of the War Work Council, and insisted that every member of the council must be up and doing. Fayette county had been regarded as a slacker, he stated, because of inadequate results in some previous campaigns, but this was not due to unpatriotic people, but lack of organization.

Hon. J. D. Post followed Mr. Reid with facts and figures that brought the war home to all who heard him, and showed them the seriousness of the situation and the need of strong organization and hard work on the part of all. "I am here to pledge every dollar I have and to give every min-

ute of my time if necessary to make this war a success" he declared in conclusion.

Hon. Frank C. Parrett spoke for a few minutes, predicting that all future calls for help from Fayette county will be met promptly by an aroused citizenship, and that from now henceforth Fayette will do her part nobly, and that every citizen must realize that he or she must help. "If this war is not won we will be out of a job, and will be called upon to pay heavy tribute to the great Central Powers" was his declaration. He closed with the statement that he believes in the patriotism of Fayette county, and that the people will do their part when they are approached by men and women who must do their part by solicitation.

Chairman Daugherty then announced to the workers present that the first task would be to shoulder the Red Cross campaign for membership, and asked Chairman of the Red Cross Chapter, Thomas H. Craig to explain the plans, which he did at length. It was noted that one half of the membership fee goes into the treasury of the local chapter for purchase of yarn and other supplies for carrying on the war work. He called attention

to the importance of having the women assist in the work also.

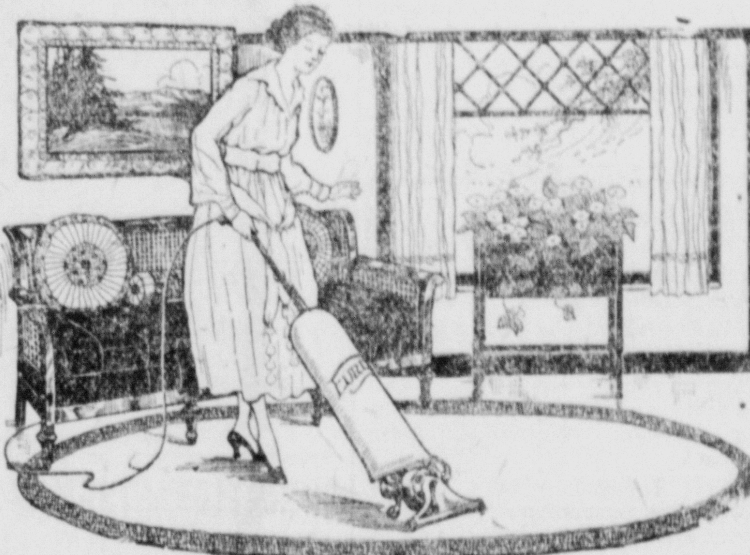

A minimum quota for each precinct in the county was read, and Chairman Wm. McClain, of the first ward, announced that they could already promise 75 in excess of the minimum quota.

Chairman Daugherty, in conclusion before the men started to work out their precinct organizations, announced that the drive would be for 6,000 instead of just 4700—"just to show that we can do what we undertake in the war work."

# We Give Our Best In Service During This Xmas Season

Every end of this organization—buying, receiving, selling, delivery—is keyed up and organized to give its best to the people during the Christmas season. Since almost everybody goes shopping and since thousands more gifts will be given by our townspeople this year than formerly, it is inevitable that all our salespeople and all our facilities will be heavily taxed. Don't Put It Off Too Late.

So many folks are talking about "practical gifts" this year, and it just occurred to us that a Eureka Vacuum Cleaner was the Very Essence of Practicality. A good broom costs a dollar and lasts a few weeks. A Eureka Cleaner costs \$29.50 and lasts for years. It does the sweeping better, it cleans without labor, it removes every speck of dust, it is the best cleaner on the market, and we guarantee it in every way.

A TONE as crystal clear as the chiming of a country church on a quiet Sunday; an accurate tone, repeating exactly voice or instrument; a gay tone, teasing even reluctant feet to dance; a magnificent tone, expressing the feeling of classic music—this is Sonora's tone, which, at the Panama Pacific Exposition, was awarded the highest score for tone quality.

## The Armistice Terms

Later developments in Russia, especially the insistence of the Bolshevik leaders that during the pendency of the armistice with Germany, no troops shall be withdrawn from the battle fronts in the eastern theatre of war, have elicited from London rumors that Entente nations are disposed to deal more sympathetically with the party at present in control in Russia.

Whether the final treaty of peace when signed will contain any such provision, is a matter of serious doubt. If it does it would be unlike any other treaty ever signed. There is, however, a possibility that Bolshevik leaders, having attained the upper hand in Russian affairs have now dreams and hopes of greater glory and greater profit than would accrue to them as the mere vassals of Germany. Perhaps success has fired their ambitions and aroused their cupidity beyond the power of Germany to satisfy.

With the signing of the treaty the real test will come.

## A Permanent War Work Council

Washington and Fayette County men have taken an important step forward in war work by organizing a permanent committee which, when properly going will render instantly available all the resources and patriotism of the city and county for every necessary activity.

Business men these days have a tremendous amount of work to do. Private business is not only greater in volume than everbefore but, unusual and disturbed conditions make the work of conducting business doubly difficult. Then, too, the calls for public service upon every active business man were never so numerous as they are now.

It is manifestly unfair to the community to allow these calls for service to come to us, with out any preparation having been made to meet them, save that which can be hurriedly made for each particular demand. It is not just either to expect one man or a few men to volunteer for every service which these numerous calls demand.

The organization, the nucleus of which is now formed will, when carried to its ultimate working strength, so divide the labor as to make possible, without working a positive hardship on any individual, the accomplishment of an enormous amount of public work.

Quite naturally the greater portion of the directing work will fall to the executive head and it is fortunate, indeed, that so capable an executive as M. S. Daugherty has consented to act as chairman of the committee.

Business falls heavily on bankers, these times and especially on national bankers but, notwithstanding all that Mr. Daugherty, actuated by patriotic impulses, agreed to take on the extra burden.

Now, we must all take orders from the chairman, who will assign us our parts. Every one of us in the organization will have our part to do and we must do it—our part will not be much but it must be done, and Fayette County will take the place in the column of the nation's contributors that justly belongs to her.

The members of this organization will go down in the history of the county as Fayette County's workers in the great world war. It's a big part and important part of the war work. Every member of the organization, every man and woman, who does his or her "bit" is a soldier in the war. Every one who fails, when called upon, is a slacker. This is an army and the lines are being drawn as they should be.

We will soon, now, be ready for the calls—ready to serve and ready to do and do promptly.

That's something like it.

## What of the Navies?

The dash of the German raiders into the open waters of the North Sea on Sunday has revived the discussion as to what the great fleet of the Allies should do, will probably do and will not do.

Thus far the great high seas fleets of Great Britain, France, Italy and the United States have been content to cruise off the coast of Germany, keeping the fleet of the Tonnage securely bottled up and driving German commerce from the seas.

There have been many who advocated an attack claiming that the great superiority of the allied fleets warranted "going in after" the German fleet and destroying their naval bases from which the submarines are operated.

Keeping the seas open for the transportation of troops and supplies has been the big success of the Allies. They have succeeded even against pirate warfare. To maintain that success is vital, to lose control of the sea would be to lose the war quickly and no chances can be taken.

If an attack is made on the German fleet it seems now certain that it will be by some means other than jeopardizing the magnificent navy which now patrols the sea.

## Poetry For Today

### WHY WE ARE FIGHTING.

If you don't know why we are fighting,  
 Let the seas out there explain.  
 There's a place in the Atlantic  
 That will never lose its stain,  
 And a liner on the bottom  
 With a great hole in its gut  
 Where the eels are mounting babies' bones  
 And nameless horrors glut.

If you want to know why we are fighting,  
 France will point you to the west,  
 Where the bayonets of Germany  
 Are hacking at her breasts;  
 Where a thousand lovely villages  
 Are marked with blood and flame,  
 And the gentlest of her lassies,  
 Soiled and broken, walk in shame.

If you want to know why we are fighting,  
 Belgium has a tale to tell,  
 How the Kaiser's "cultured" legions  
 Came to do the work of hell,  
 Let her hordes of homeless starvelings,  
 Let maltreated children show;  
 Look upon her desolation,  
 Ask her women—and you'll know.

## CHRISTIAN SCIENCE SENDS AID TO HALIFAX

Speedy action was taken by the Christian Science organization in Boston to provide relief for Halifax people in distress on account of the explosion of the munitions ship and the resulting fire. Efforts to send aid on Saturday were at first hampered by reason of the fact that there was no through train available at the time when a party could be made ready to start. Agents of the Christian Science Board of Directors were able, however, to make arrangements with the Boston & Maine Railroad for a special train which left Boston Saturday evening, saving many hours in getting needed aid to its destination. Besides \$10,000 in cash aid letters of credit, the representatives of the Directors took first aid in the form of warm clothing, food and other necessary articles to be distributed among the sufferers at Halifax.

## DEMAND FOR RED CROSS MEMBERSHIP

Hundreds of Loyal Citizens Al-  
ready Have Enrolled and Thou-  
sands More Will be Members  
by Christmas Eve—Heavy De-  
mand for Service Flags.

Under the determined efforts of the Fayette County War Work Council, with assistance of the regular Red Cross organization, the Red Cross campaign for membership in Fayette county is beginning to spread in all directions, and splendid results are being reported from a large number of the workers.

With the campaign hardly launched, hundreds of members have been enrolled, and this will soon run into the thousands as the more complete organization becomes active. It will probably be some time Wednesday before the entire organization is ready for work, and there is now every reason to believe that Fayette county citizens will so liberally respond to the call to succor suffering humanity, that there will be comparatively few homes which will not be floating a Red Cross service flag by Christmas eve.

### Want Service Flags.

There is a great deal of good natured rivalry as to whose service flag will contain the largest number of crosses when the drive closes Christmas evening, as business houses are permitted to add one cross for every membership obtained in their places of business, and some of the flags already containing a large number, and a host of business houses show service

He said Comiskey paid the Philadelphia club \$50,000 for Collins' contract, gave Collins a \$15,000 bonus for signing and signed him to a five-year contract at a salary of \$15,000 a year, a total of \$140,000.

flags with a cross for each employee. The demand for the flags for homes also is growing by leaps and bounds, and the various workers have flags for distribution as memberships are taken.

Applications by mail and telephone are coming into Red Cross headquarters, and flags and receipts are being forwarded promptly by those in charge.

Failure of some of the material used in the campaign to reach this city promptly is holding back some of the workers, but the committee expects to have all of this in hand at the close of Tuesday.

## EXCITING TRIP NOW IN TRENCHES

Those who knew Rev. Titus Lowe when a student of the O. W. U. will be interested in a letter received by relatives in which he describes his passage through the submarine zone.

"We are steaming through what is called the submarine zone. Last night many people slept on deck with their life belts close by them. None of us undressed. We lay down with all our clothes on including shoes and our life belts along side. It is reported on board that we shall pick up a convoy today, which will continue with us the rest of the way to Bordeaux, where we hope to land tomorrow. We have a fine company of people on the ship and have had an enjoyable voyage, that is, as far as the underlying nervousness will permit. Last evening we had a sing-song and entertainment. All sorts of people volunteered something and we had a cheery, happy time. For a couple of days we have been going in a state of preparedness. The guns of the ship are ready for action and the life boats are swinging over the sides of the vessel. It is all a grim reminder of the dreadful war."

Rev. Lowe soon after graduating, was called to Calcutta, India as pastor of the largest English speaking church of that city. English born himself, he there met many of the British legation, among them the Prince of Wales now King George of England. After returning to America, he became pastor of the first M. E. Church in Omaha, Neb., but at the request of the bishop he sailed for France in October to engage in Y. M. C. A. work, his church granting him a six months furlough with salary paid.

Arriving in Paris he wrote: "This is surely the queen of the cities of the earth, fascinating in the extreme. But at night it is very dark and dull, only

just enough light to see the way around. Evidences of war conditions on every hand—uniformed officers and men of all the allied nations on every street, and limping, wounded men on all thoroughfares. Lately the British and French forces have been making some splendid gains. After a while it will come our turn, and I pray that the Almighty will make us strong for whatever the days may bring. Am meeting many of our own men in one way and another and all seem hearty and determined and entirely optimistic."

Rev. Lowe is now preaching to the soldiers in the trenches. He is a nephew, by marriage of Mrs. Frank A. Chaffin.

Another nephew, Joe Earl Crood is also in France. A recent letter acknowledging receipt of a sweater set says, he would like to describe some of his experiences but censorship is

very strict. Graduating only last year in Chicago he enlisted early in May in the C. A. C. and soon after went into intensive training at Fort Gribble, R. I.

Early in August he was elected as one of fifty from his fort, picked for good physique, marksmanship, morals, education and other qualities and was sent to England where for some weeks his regiment occupied a camp which had been used by a Canadian company. The location of this camp was described in an English newspaper as one of the picturesque spots of England. The heather-blown hills on either side and a lake in the near distance. Veteran British officers pronounced these troops among the finest that had ever set foot on English soil.

In the evening the little Y. M. C. A. tent was filled with benches and chairs, and music was heard ranging

from ragtime to classical, interspersed with old American hymns and tunes. Among which "Down on the Swannee River," "Nearer My God to Thee" and "Home Sweet Home" were prime favorites.

In this article it was also stated how the British troops, camped near

by, would come over in the evening to visit the American boys, and listen to their music, but before "taps" were sounded returned to their own quarters, where they could have their ration of beer and ale, while the Americans were permitted nothing stronger than pop and other soft drinks.

### FULTZ-BIBLER

Many Washington friends will be interested in the marriage of Miss Hazel Fultz, daughter of Mr. and Mrs. E. J. Fultz, of Derby, and Mr. Oliver Bibler, of Washington, D. C., which took place Saturday night at half past seven o'clock in the M. E. church of Derby.

Miss Lona McKinley and Mr. Denen Leach were the attendants and a number of the bride's young friends witnessed the ceremony.

Mr. and Mrs. Bibler will leave Wednesday evening for Washington, D. C., where Mr. Bibler holds a government position and has an apartment in readiness for their coming.

The bride visited her aunts, Mrs. O. H. Robbins, and Mrs. Jos. Pratt, in this city Tuesday, while the bridegroom went on a day's visit with his family above Columbus.

The bride, formerly of Leesburg, is an unusually bright and attractive girl. For the past year she held an excellent position in Columbus and her friends are legion.

## THE MEANING

WHAT THE ENROLLMENT OF 15,000,000 RED CROSS MEMBERS BY CHRISTMAS EVE WILL MEAN:

First — To force Germany to realize that the concerted spirit of the American people is backing the American Government in this war!

Second — To spur the morale of our soldiers by pledging to the cause the hearts and minds and money of 15,000,000 Americans back home!

Third — To bind the wounds of our fighters so that every possible drop of American blood may be saved to establish world democracy!

Fourth — To link the spirit of the Red Cross with the spirit of Christmas and hasten the righteous victory that means world peace!

## HAS WOOD TO CUT ON THE SHARES

Farmers residing within a few miles of the city are beginning to advertise wood for heating, to be cut on the shares, having been so busy themselves and help being scarce that they offer this method of getting the wood worked up for themselves and for those who are in need of wood for fuel.

Earl Harper, who has a piece of timber 3½ miles west of this city, on the Carr road, is one of the first to offer large quantities of wood to be cut on the shares.

## THIRD MEMBER OF "Y" FORCE ENLISTS

Glenn "Red" Bonta, who was employed at the local Y. M. C. A., has received notice that his application for admission into the aviation corps has been accepted, and he has been ordered to report to Fairfield January 1, for examination.

"Red" has been employed at the "Y" for about five years, being one of the original force. He is the third member of the "Y" staff to enlist.

## LOYAL WOMEN OF THE "LEAGUE" ARE MAKING PROGRESS

Busiest Place in City Is Work Room of Local Branch National League for Women's Service—Big Shipment of Surgical Dressings Ready.

Perhaps the busiest place in the city these days is the work room in the Memorial Hall, where the women of the local branch of the National League for Women's Service are performing a notable work for humanity, and displaying a loyalty and devotion to their country that should shame a host of people who have not yet caught the vision of service and are not awake to the great opportunity to show their Americanism in a practical way.

Eleven sewing machines are on the floor of the big work room, while scattered about the room at almost any time during the day are women busily plying the needle, measuring and cutting, wrapping, stuffing pillows or other rests, packing and preparing surgical dressings of all descriptions which, within a few weeks, may be utilized for some of the American troops who have been maimed and torn while in defense of Old Glory and the great principles of humanity for which it stands.

Monday afternoon of this week there were nearly 25 women in the work room, and everyone of them had been assigned a task and was doing it with zest born of a realization of the need of such work.

And the work of completing the packing of five large boxes, containing 1557 surgical dressings and articles to aid in every way to relieve the sufferings of stricken soldiers at the front. These boxes will be shipped at once to the Surgical Dressings Committee of the Red Cross in New York City and from thence will go direct to the battle fronts for early use. This series of boxes represents the faithful toil of the loyal women for the month of November, and the work of packing the result of their labors for this month will begin within a few days.

It is a great work in which the wo-

men of the League are engaged, and a glimpse into the work room by the public will do much to make the service contagious and the League needs all of the assistance that it can obtain and there is no limit to the membership, so those who desire to enroll will have no difficulty in finding a place in the ranks of the home-loving, humanity-loving, country-loving and self-denying women now engaged in the work.

## MANAGER ROBT. SITES MAKES SPECIAL EFFORT

That local people are greatly interested in the juvenile and toy factory, known as the Washington Mfg. Co., now that it has been brought to their attention as a Washington C. H. plant, is proved by the large number of people who have visited the display in Statson's basement.

Town folk are enthusiastic over the beautiful furniture and many a piece of it will be found in Washington homes Christmas.

Mr. Robert Sites, who manages the plant, has made special effort to show the full line of the plant's output and give the public a good idea of its merit and attractiveness. The display is one in which he, as the designer of every piece that is made, justly takes pride.

Mr. Dern, sales manager, is also gratified over the season's business.

## SELL SEVEN FARMS WITHIN FEW WEEKS

During the last three or four weeks the real estate firm of Jamison & Brown, of this city, has disposed of seven farms of 821 acres, as follows:

Two farms, 75 and 80 acres, to Stephen Garringer; the Stone farm of 152 acres to an Illinois resident; 105 acres, Coffman land, to W. M. Campbell; 100 acres of the Inskeep land to a Mr. Caldwell; 143 acres in Clinton county to John Denney and the Homer Hutson farm of 146 acres to Elmer Baughin.

## HIGHWAYS OPENING TO USUAL TRAFFIC

The county highways are being slowly opened for traffic. Some of the rural mail carriers covered their routes Saturday for the first time in a week.

Some of the township trustees have been very remiss in clearing the roads, as required by law. Some of the roads have been blocked for 10 days.
